

Senior1Care among Fastest Growing Companies in America

Family owned home care agency Senior1Care was recognized by INC Magazine in the 2013 edition of INC 5000 as one of the fastest growing companies in the country. The award recognizes growth percentage over a three year period which ranked Senior1Care at number 2354 out of 5000 companies. From 2009 to 2012, the family owned company which has office locations in the Carmel and South Bend areas, grew at a blistering 154% with growth projected to be even higher in 2013.

Senior1Care provides assistance to senior citizens who wish to remain independent. “We recognized the demographics and wanted to elevate the bar for home care agencies and provide seniors with the highest quality care imaginable,” explained Corey Bossung, an owner in the business. “If we continue to strive for excellence and meet the needs of the elderly, we will continue to differentiate ourselves from the marketplace.” Senior1Care offers non medical services primarily focused on the personal care needs of their clients.

“This honor is truly a reflection of the countless hours our team members have contributed to get us to this point,” added Patrick Broccolo, an owner of the Carmel area branch. “The flexibility of our Caregivers and our responsiveness to our client’s needs is a major reason for the recognition.” Senior1Care is available 24 hours a day to help service their clients’ needs. Please visit their website at Senior1Care.com to learn more about their service offering and experience the difference.
